THEME "Through the Looking Glass"

Photographers are resilient and resourceful. Show us your response to what it is like for you to 'be' in this time - choose a public-facing window and treat it in some way so that it serves a "portal" or missive to the world beyond.

All ways/styles of making images are accepted as you show us your response to this disease. Your ideas and creations here are limitless. This is a way for you to engage your mind, heart and craft during this time.

Alice's Adventures in Wonderland (1865). *Alice enters a fantastical world, this time by climbing through a mirror into the world that she can see beyond it. There she finds that, just like a reflection, everything is reversed, including logic.*
